

DYN TYPE FATIGUE COUPLER

D 35 EN Ind. D

05/10/2024

The DYN coupler offers you HIGH Fatigue resistance.

Indeed, the connections of the Fatigue range withstand stresses of 2 million cycles under a stress range of 120 N/mm², and this without damage, neither to the threads nor to the couplers!

Only LINXION The Original's FATIGUE range has AFCAB FATIGUE certification.

Reference	ø HA	ø external (mm)	Length (mm)	Weight (Kg)	Color
DYN 14	14	25	36	0.089
